

24<sup>th</sup> January 2014

**Our Ref No: FOI/2013/0008**

Dear '

I refer to your request dated 25<sup>th</sup> November 2013 under the Freedom of Information Acts 1997 and 2003 for certain records held by the National Transport Authority (NTA) and subsequent correspondence in the matter.

In essence your request can be broken down into three parts.

Part 1 comprises all correspondence between NTA and Dublin Bus/Department of Transport which relates to written changes made to the public service contract authorised by the NTA between 1 December 2009 and 25 November 2013. The authorised changes and variations to the contract are construed along with the Schedules appended to the contract.

Part 2 comprises any renewals of bus licences to Dublin Bus between 1 December 2009 and 25 November 2013 and issued with the authorisation of the NTA under section 16 of the Public Transport regulation Act 2009.

Part 3 comprises all correspondence between the NTA and Irish Rail/the Minister for Transport/the Department of Transport/Fingal County Council between June 2010 and July 2013 which relates to the construction of a public access road to enable the opening of Hansfield Rail Station.

A final decision was made on your request today. I attach the following schedules setting out the records coming within the scope of your request and the decision on the release on those records.

As you are aware this request was the subject of consultation with a number of third parties. As it is proposed to release a number of records against the wishes of a third party, section 34 of the FOI Acts allows the third party concerned a period of 10 working days during which they may appeal the decision in respect of those records to the Information Commissioner. Accordingly, I am precluded from releasing those records (see Schedule E below) until the end of that period or, if an appeal is made, until the Information Commissioner has made a decision on that appeal.

**Schedule A**

This schedule describes the records held in respect of Part 1 of your request and the decision in respect of each record. Some of these records are being released in full or released with redactions. No records are being withheld.

**Schedule B**

This schedule describes the records held in respect of Part 2 of your request. All of these records are being released in full.

**Schedule C** - This schedule describes the records held in respect of Part 3 of your request. The disputed records referred to above, which I am precluded from releasing at this time, are highlighted. Of the remaining records some are being released in full or released with redactions. However, none are being withheld.

Where records have been redacted this has been done on the grounds that the records

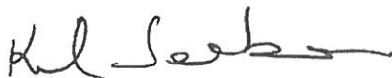

- a. contain commercially sensitive information, which is entitled to protection in accordance with section 27 of the FOI Acts and also that the public interest would not be better served by the release of those records, or
- b. contain information outside the scope of your request.

You have sought access to the records by means of photocopies, which is considered an appropriate form of access. However, before the NTA can release the relevant records, you will need to pay the balance of the fee<sup>1</sup> due as set out in the NTA's letter of 10 December last. The balance due is €642.

Should you wish to pay the fee, you must do so within 8 weeks of the date on which you received this letter. The NTA is obliged to hold the records ready for only 8 weeks for possible access by you. The photocopied records will be sent to you within 5 working days of the date that the above payment is received by the NTA. However, should you not agree that the fee charged is appropriate you may make an appeal on this point as noted in the following paragraph.

You may appeal this decision (and/or the decision referred to impose a fee). Please note that a fee applies for an appeal, with the exception of an appeal against the imposition of a fee. The level of this has been set at €75. In the event that you need to make such an appeal, you can do so by writing to the Freedom of Information Unit at the NTA enclosing the appropriate fee<sup>1</sup> or, in the case where no fee is required, you can send your appeal by e-mail to [sara.morris@nationaltransport.ie](mailto:sara.morris@nationaltransport.ie). You should make your appeal within 20 working days from the date of this notification; however, the making of a late appeal may be permitted in appropriate circumstances. The appeal will involve a complete reconsideration of the matter by a more senior member of the staff of the NTA.

Yours sincerely

**Karl Seeber**
