3. **Finance Report**

Mr L’Estrange outlined the main features of the Draft Financial Statements 2014. He noted that the Office of the Comptroller and Auditor General is due to commence its audit of the 2014 accounts shortly. Following a brief discussion the Board approved the draft Financial Statements as presented subject to two minor textual amendments.
Mr. L'Estrange outlined the background to, and outcome of the NTA’s public tender competition for Enterprise Solution Services. The Board agreed to the award of the contract to UL Transaction Security and Open Ticketing Institute.

4. **IT Security**

Mr Declan Sheehan outlined the NTA’s approach and policy in the area of IT security. He outlined the general security threat facing organisations and explained the NTA’s systems and the security framework which has been implemented to protect them. He outlined the positive outcome of a recent audit of the NTA’s Internal ICT & Security arrangements. Finally he outlined the planned work programme over the next 2/3 years to ensure that the NTA’s IT systems are adequately protected. The Board thanked Mr Sheehan for his comprehensive report.

5. **Leap Update**

Mr Gaston provided an update of the Leap card project, which is being rolled out nationally. He noted that over 0.9 million cards have been issued to date and that Leap card accounts for more than 60% of all revenue & journeys in the Greater Dublin Area. The roll-out of Leap card to the rest of the State has already started and should be completed by the end of 2015. He noted that people the new Public Services Card includes a Leap “chip” for people entitled to free travel. A new app has been developed to assist people in identifying the nearest top-up location. Finally he outlined international developments concerning payment for public transport and the implications for Leap card. Mr Gaston and Mr Sheehan responded to questions concerning Leap card security and developments.

6. **Control Centre Strategy Proposal**

Mr Creegan noted that there are a number of organisations which have transport control centres to monitor road and rail operations and coordinate incident management in the Greater Dublin Area (GDA). In addition there is a possibility that additional control centres may be added as new transport systems are developed or new operators are created in the future.

He explained that the NTA had carried out a short study to identify the optimal approach in the GDA. This involved an examined of the models used elsewhere including London. The NTA view is that a single Regional Control Centre is required for the GDA. However, he explained that substantial discussion will be needed with all of the affected parties. This process has commenced but has to be continued.

7. **Any other business**

The Chairperson noted that this was the last meeting before Ms O’Reilly’s term of appointment was due to finish. On behalf of the Board he thanked her for her important contribution to the Board and wished her well for the future.

Next Meeting: Friday 27 March 2015 @ 10.30am in the NTA Offices.
