4. **Draft Rail Review 2016**

Mr Tim Gaston rejoined the meeting at this point.

The Chief Executive explained that the Authority and Iarnród Éireann had undertaken a detailed process to review and evaluate possible options to meet the financial requirements of the rail network in order to assist in the development of Government policy in this regard. Accordingly, the draft document was being presented to the Board for information and discussion purposes and the Board was not being asked to endorse or approve the document.

During the discussion that followed, the Chief Executive provided clarification on a number of issues and undertook to consider points raised by Board members. She noted that the document will now be finalised with a view to its transmission to the Department of Transport, Tourism and Sport at an early date. It was agreed that the final document should be circulated to the Board at that point.

5. **Preliminary Draft Integrated Implementation Plan**

Mr Creegan explained that the Authority is required to prepare an Integrated Implementation Plan setting out the actions to be taken over the next 6 years in pursuance of the NTA’s Transport Strategy for the Greater Dublin Area and other functions of the Authority.
