

Agency Project Approval Application

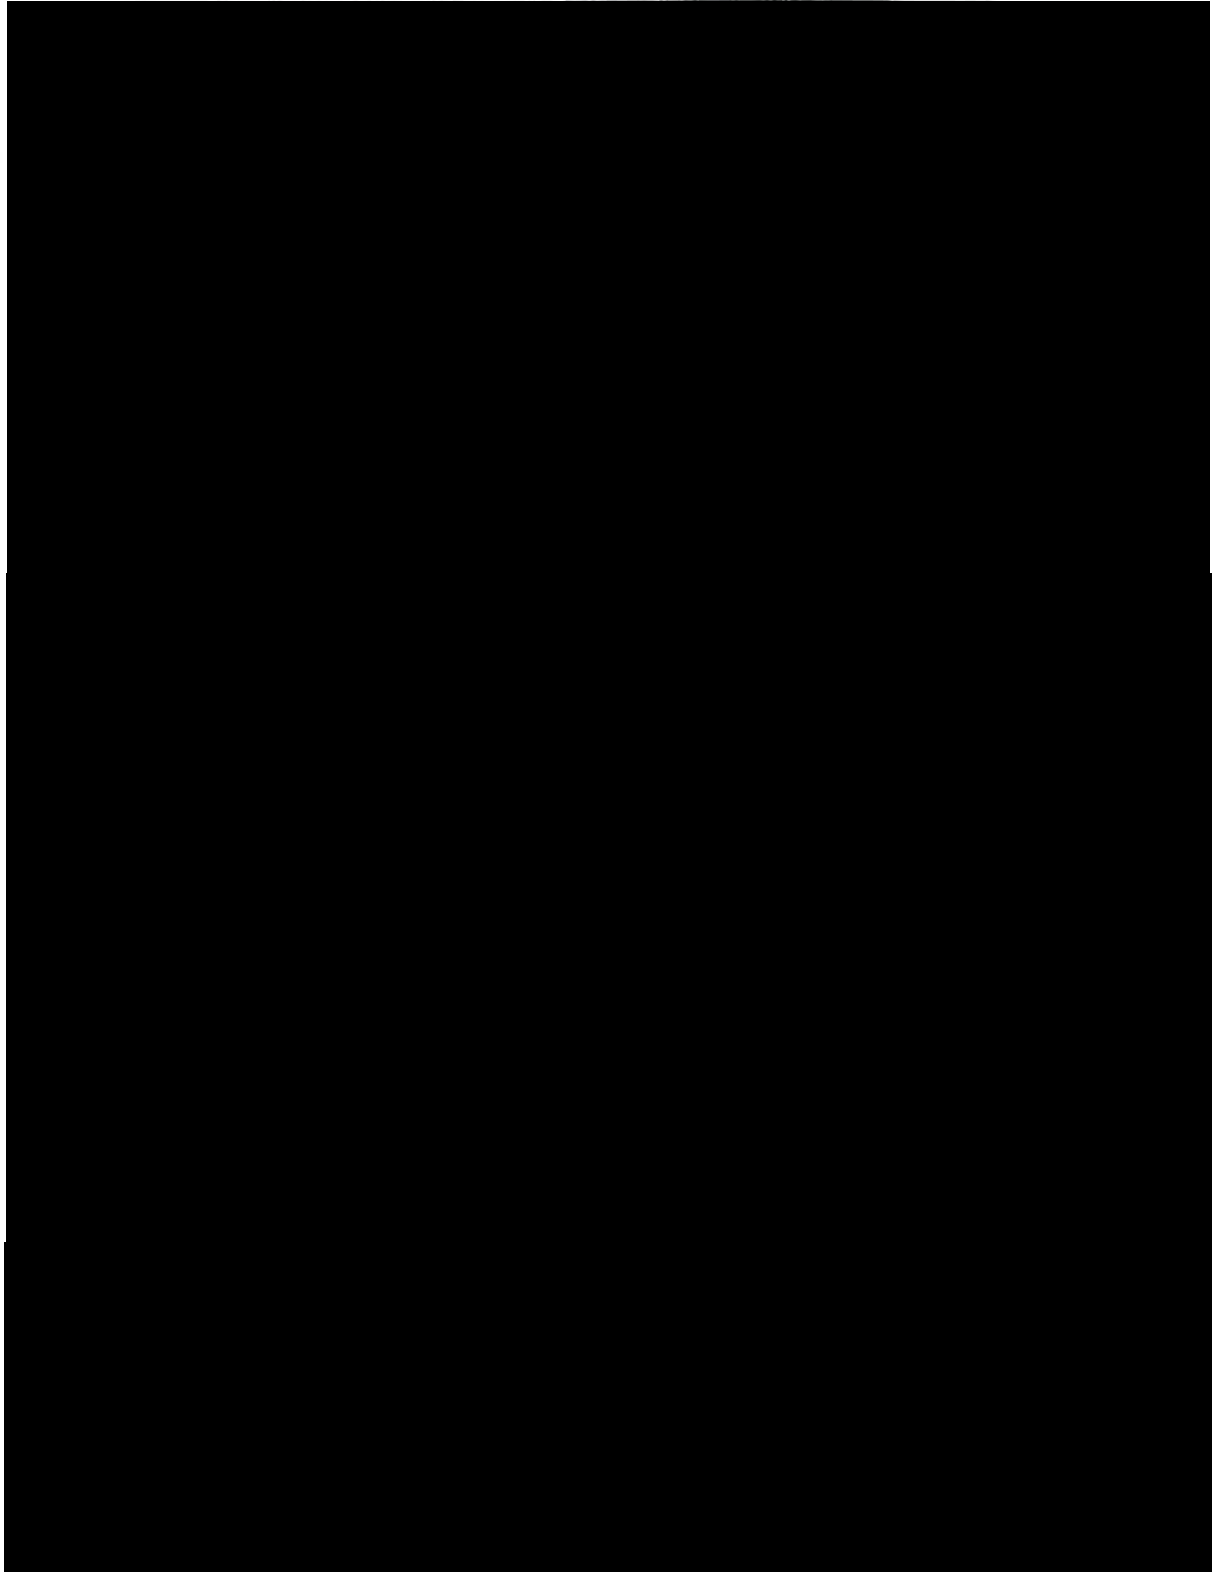

North Wall Yard Coach Parking Facility –
Design, planning & tender stage
IÉ/14/0001

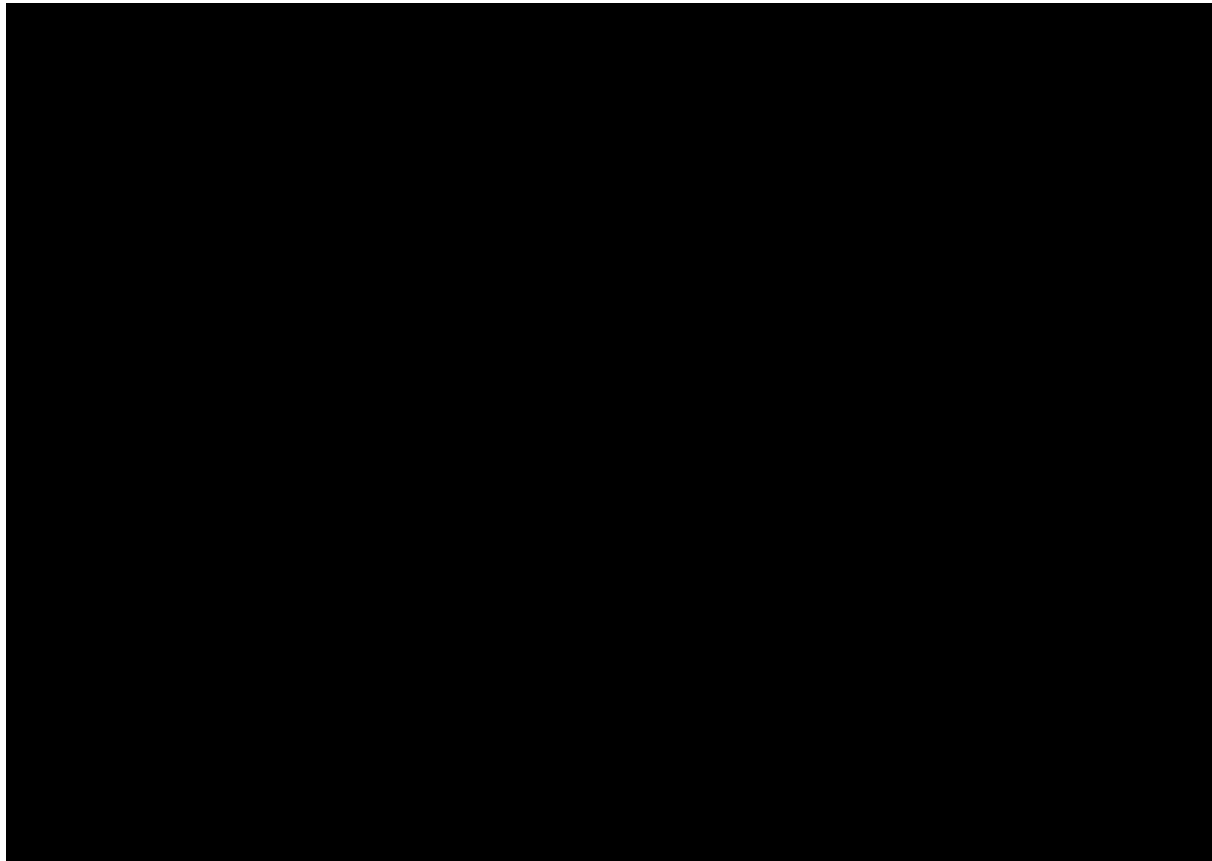

Application for 2014 funding

This document is to be followed when applying for grant funding from the National Transport Authority in respect of transport projects.

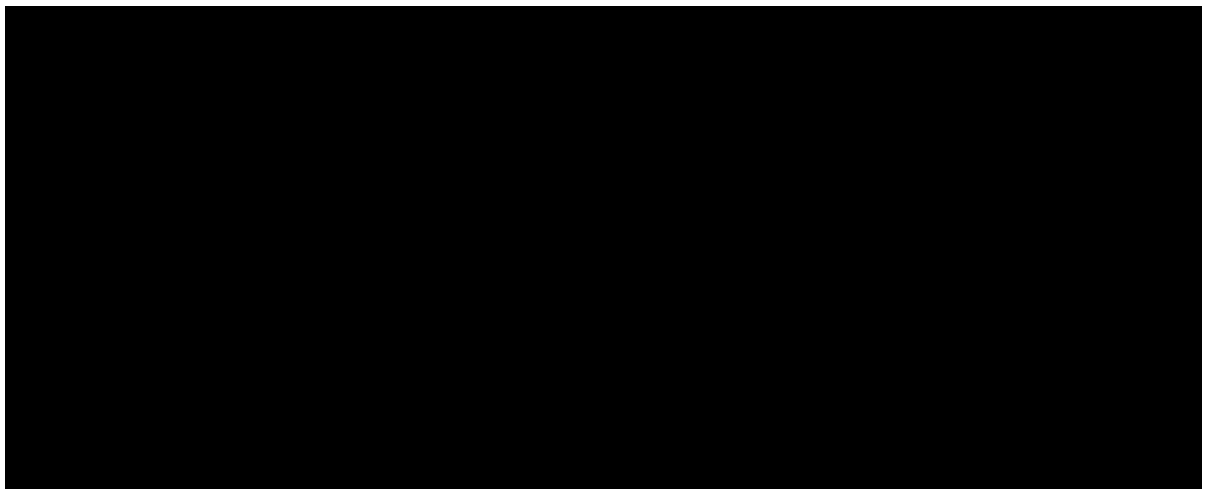

1. Title of Project

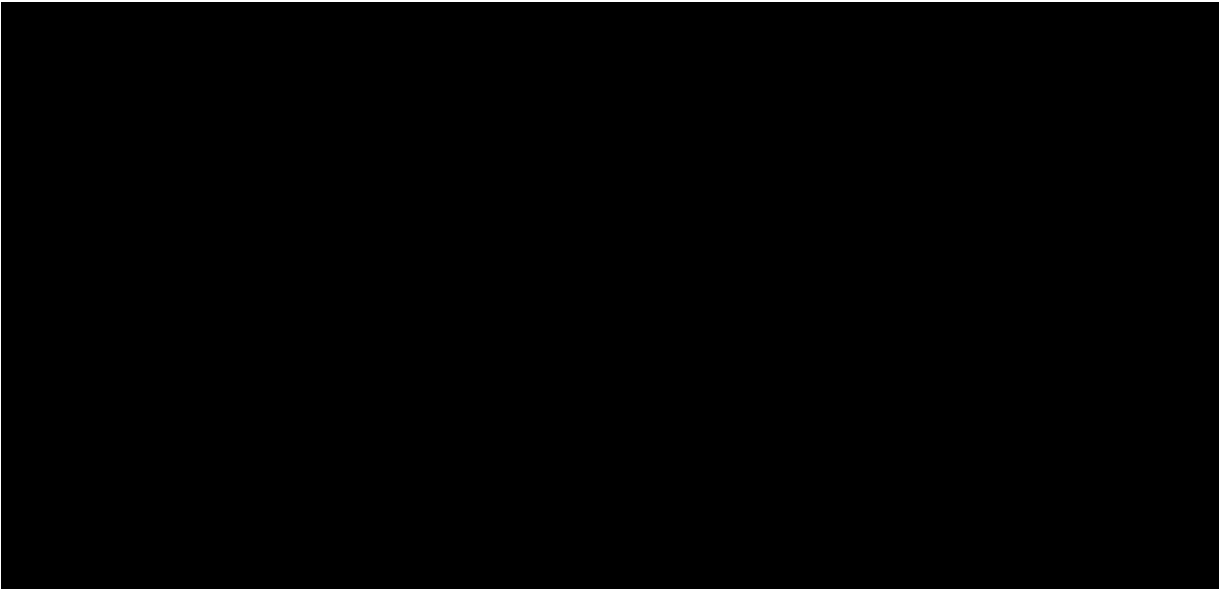

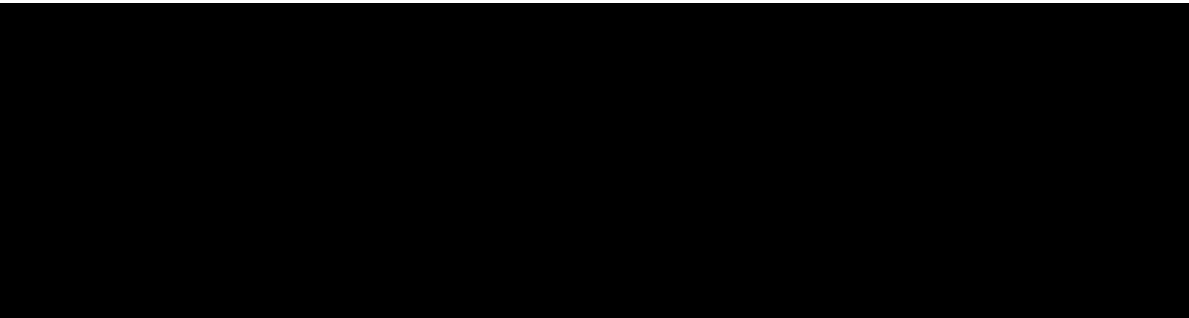

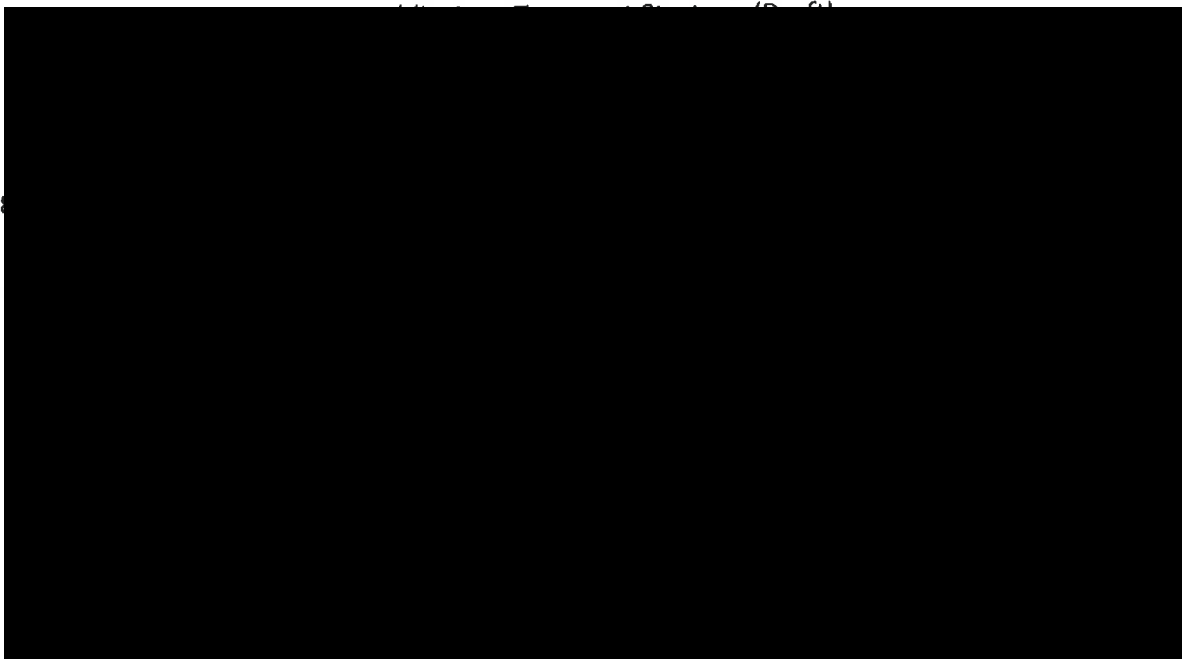

North Wall Yard Coach Parking Facility – Design, planning & tender stage

The development of a Private Coach Parking facility at North Wall will provide long term (daily) parking for up to 50 No. private coaches, thereby freeing up the existing short term coach parking bays within the city. North Wall Yard will be available for use up to commencement of construction of DART Underground. However, subject to Government authorisation for DART Underground to proceed, there will be sufficient time for orderly migration from North Wall Yard to a new alternative location.

10. Statutory Processes

A full Planning applications will be required for the works. Fire certificates & DAC certificates may be required for welfare building.

11. Project Delivery

The project will be managed by the IE New Works department with support from specialist consultants where required.
