

Luas Cross City Traffic Information

North and South Quays at O'Connell Bridge

Due to essential Luas Cross City works, there will be significant traffic disruption on the north and south quays on the approach to O'Connell Bridge beginning Tuesday 1st August. This will include a full closure of the south quays at O'Connell Bridge from 8pm on Friday 4th August until 6am on Saturday 12th August.

If you are travelling **through** the city, major traffic diversions will apply and delays are expected, so please consider alternative routes.

If you are travelling **to** the city, access to car parks will be maintained.

O'Connell Bridge will remain open to northbound and southbound traffic.

For more details, and help to plan your journey, visit www.luascrosscity.ie and www.dublincity.ie

LUAS CROSS CITY TRAFFIC INFORMATION

North and South Quays at O'Connell Bridge

From Tuesday 1st August to Saturday 12th August.

If you need to drive through Dublin City, we recommend that you use the **Inner Orbital** route shown on the larger map.

The **Inner Orbital** Route roughly encircles the core of Dublin City centre.

You should use the **Inner Orbital** route to find your way from one side of the city centre to the other whilst avoiding the construction area in the core of the city.
