

The information and data contained in this guide is intended to assist **local area hackney** licence applicants only. The information provided is indicative only and may vary based on the specification of a particular model. Model change year splits are approximate: Care should be taken to understand which model version/generation is being considered.

All vehicles are required to have clear windows: most privacy glass does not meet this condition.

This is a constantly evolving dataset and NTA is not responsible for any loss or damage howsoever arising as a result of sole reliance on the information therein. All vehicles are still required to pass the relevant suitability inspection prior to being granted a local area hackney licence.

All local area hackneys are required to carry the following safety and passenger communication equipment at all times:

- 1.) A fire extinguisher of at least 2kg capacity of dry powder (or equivalent with A, B and C rating) with an EN3 marking
- 2.) First Aid Kit(DIN13164 standard or equivalent)
- 3.) A high visibility reflective safety vest (EN471 standard)
- 4.) A reflective advance warning triangle (ECE Reg.27 standard)
- 5.) Hand-held torch
- 6.) Pen and paper to assist with communication

All safety equipment must be in-date and complete.
