

# Smarter Travel Student Awards

## The Judging Panel

## Garret Murphy

Principal Consultant at Transport Insights

Garret is a Principal Consultant with Transport Insights, with experience in areas including mobility management, transport planning and construction management.

Garret graduated from University College Dublin with an honours degree in Civil Engineering in 2010, and thereafter he moved to Australia where he worked on-site as a civil engineer in both Western Australia and Queensland from 2011 to 2013.

After returning to Ireland he began working with Transport Insights in September 2015. From 2017 – 2020 Garret worked on part-time secondment with the National Transport Authority's Smarter Travel team, working with 3<sup>rd</sup> level institutions and workplaces nationwide in promoting sustainable and active travel.

While working within Transport Insights, Garret has worked with a number of private and public sector clients, providing support to a diverse portfolio of projects.
