Dr. Míde Ní Shúilleabháin

Sustainability Consultant

Dr. Míde Ní Shúilleabháin is a sustainability advisor, specialising in community engagement, sports sustainability and sustainable facilities management. Her company, MEAS Sustainability, supports community groups and business organisations in designing and implementing targeted sustainability plans and programmes.

Míde has worked with the GAA as Croke Park Sustainability & Systems Officer and as Chair of the GAA Green Club Programme, a national environmental sustainability initiative administered in partnership with the local authority Climate Action Regional Offices. Míde has also worked as a researcher and lecturer in DCU's School of Law & Government and as a policy advisor in the European Parliament in Brussels..
