

NTA Mystery Passenger Survey

Go-Ahead Ireland - Outer Dublin Metropolitan Area (ODMA)

2022 Quarter 1

Research Background:

This research programme monitors service, quality and compliance with contractual requirements through “mystery shopping” surveys, to measure key aspects of service delivery. This mystery shopping programme was designed to provide robust and actionable data to the National Transport Authority to measure the overall service performance through the eyes of its ‘customers’.

155 mystery shops were conducted during Quarter 1 with mystery shoppers acting as passengers while waiting for and on board selected routes in and around the city. A broad spread of bus routes were covered across different days of the week and times of the day.

The mystery shops were carried out by trained Ipsos Assessors, following detailed training and certification. These Assessors use mobile devices which enable both discreet and effective captures of location, bus and driver details at stops, when boarding, on board and after alighting buses.

2022 Quarter 1 took place between 1st Jan and 27th March 2022

The charts show the percentages of responses for each measure. The base sizes are marked with an asterisk.
