Research Background:

This research programme monitors service, quality and compliance with contractual Dublin Bus requirements through “mystery shopping” surveys, to measure key aspects of service delivery. This mystery shopping programme was designed to provide robust and actionable data to the National Transport Authority to measure the overall service performance of Dublin Bus through the eyes of ‘customers’.

567 mystery shops were conducted during Quarter 3 with mystery shoppers acting as passengers while waiting for and on board selected Dublin Bus routes around the city. A broad spread of bus routes were covered across different days of the week and times of the day. In addition, 10 Dublin Bus Head Office assessments were also completed and are included in this report.

The mystery shops were carried out by trained Ipsos assessors, following training and a subsequent assessment. These interviewers use mobile devices which enable both discreet and effective captures of location, bus and driver details at stops, when boarding, on board and after alighting buses.

2022 Quarter 3 took place between 20th June and 11th September 2022

The charts show the percentages of responses for each measure. The base sizes are marked with an asterisk.
