1. Registering for SMS Service

If you have registered for SPSV Online Services, you can set up the SMS Service, which enables you to create and end links using text messages.

- If you do not wish to avail of this service, click *No*.
- If you do wish to avail of this service, click *Yes*.

Register - Email verified

You have successfully registered an account.
To create a Driver Link, simply login to SPSV Online Services. You will also receive a confirmation of registration email, which will contain further information.

The National Transport Authority provides the SMS Service that allows driver licence holders to create Driver Links easily by text.

Would you like to set up the SMS Service now?

- ✓ Create Driver Links with single SMS message
- ✓ Remove Driver Links with single SMS message

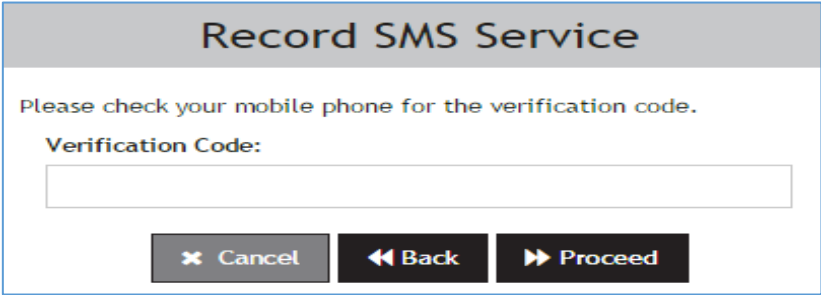

If you click 'Yes', the Record SMS Service screen is displayed. Enter the mobile phone number you wish to use.

Record SMS Service

Please provide your Mobile Number:

A verification code is then sent to your phone. Enter this code and click *Proceed*. If you do not receive a verification code, contact 0818 064 000

Note: code format must match exactly.

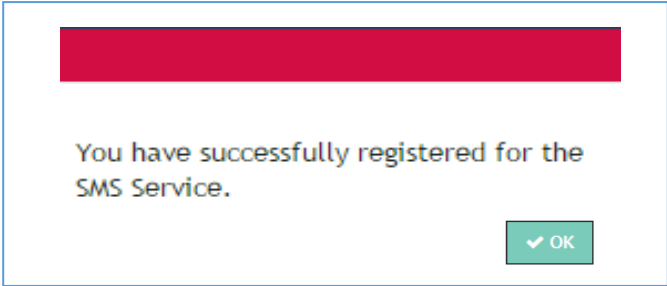

Record SMS Service

Please check your mobile phone for the verification code.

Verification Code:

You will then receive a message confirming your registration for SMS Service.

You have successfully registered for the SMS Service.
