STUDENTS EXPERIENCE THE EFFECTS OF BAD WEATHER ON THEIR COMMUTE.

THE WEATHER WISE PROVIDES PROTECTION FOR STUDENTS FROM CHANGING WEATHER IN AREAS WHERE COVERAGE IS NOT SUPPLIED. IT UTILISES WALL SPACE INSTEAD OF PATHS TO PREVENT THE INTERRUPTION OF FOOT TRAFFIC

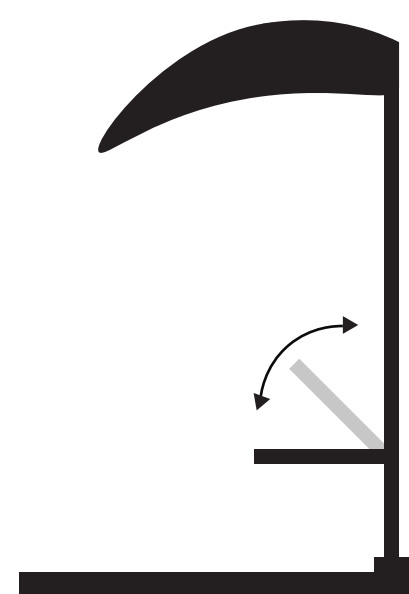

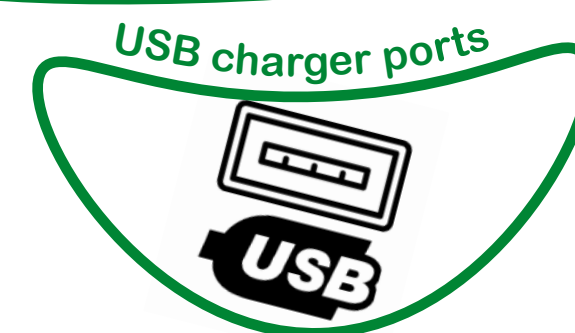

Overview: This project aims to create a compact non-invasive shelter for college students, to protect both them and their belongings.
Conclusion: This promotes usage of buses as it creates a more secure comfortable journey for the passenger

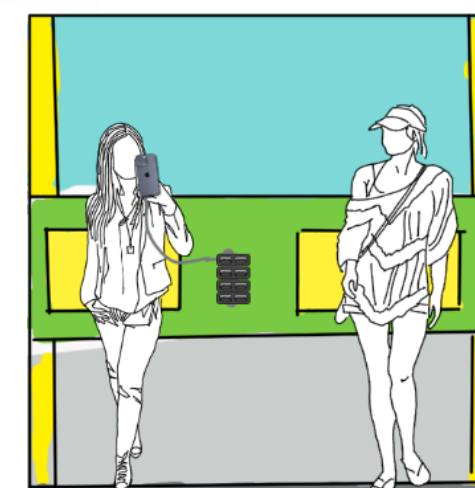

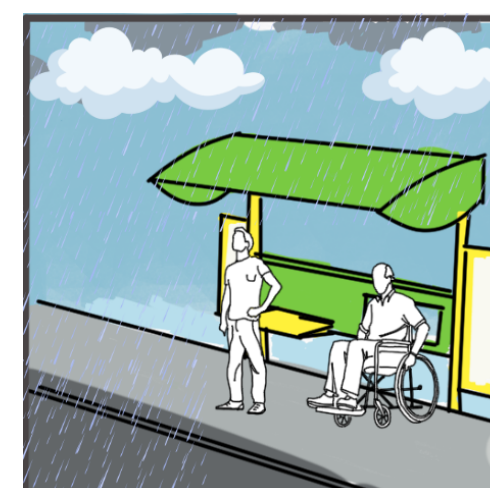

"Covering Students, Guarding Gear!"

At colleges across Ireland

WeatherWise

Saves footpath space
