

Glanmire Area to Carrigtwohill Active Travel

The **Active Travel Network** is a high-quality **segregated cycling and walking** path connecting communities from the Glanmire area to Little Island, Glounthaune and Carrigtwohill. The network provides a **12km continuous active travel path as well as 6km of supporting paths**, linking homes, schools, railway stations, employment areas, shops and recreational areas in one continuous route.

The route offers safer, healthier and more sustainable travel by separating cyclists, pedestrians and wheelchair users from traffic wherever possible.

Key

- Segregated active travel path
- Opening Soon
- Planned
